WHO AM I?

I was born on the 3rd of April 1997 in Kirchen (Sieg) in Germany.

During my school time, I came into contact with various applications of IT at an early age. Interest in IT has continued to increase ever since and I have been able to look into many areas of application and gain a lot of experience.

I was also able to collaborate on the making of the school homepage of the FvS Gymnasium (Betzdorf/Kirchen).
