

### 11.3 Question 3

**11.3.A** What would be your immediate reaction on such incident?

**11.3.B** You can see the phishing email from question A in the figure. What's suspicious about it?

**11.3.C** You want to make the University less prone to phishing attacks. What would you do to raise the awareness of the students and employees so that there's a lower chance that they will be fooled by such emails in the future?
